From his studio in the Cayman Islands, Guy Harvey paints ocean scenes that are breathtaking. With every stroke of his brush the beauty of life under the sea is captured on canvas.

*Dr. Guy Harvey*

Through a lifetime of interaction with nature and the ocean, Guy Harvey is able to recreate marine wildlife in their natural habitat with extraordinary detail.

Now, Guy Harvey's art has been rendered in precious metals and gemstones, to create a singular blend of fine art and designer jewelry. The new **Guy Harvey Signature Jewelry Collection by Nautora** skillfully crafts Guy's art into sculpted pieces of personal fine jewelry. Blue marlin, dolphin, sailfish, sea turtles, and many other species are depicted with realistic action.

Unique to Guy Harvey Signature Jewelry, is the Nautora shadow box bezel which brings focus to the art as well as contributing to the beauty of each piece of jewelry. Nautora works in concert with Dr. Harvey to ensure his unique style is captured with every jewelry creation. The copyrighted designs include necklaces, earrings, bracelets, charms, and rings, made of 18K gold, sterling silver, platinum with diamonds and gemstones in a variety of combinations.

Whether it is a limited edition, Platinum and Diamond Necklace, or a pair of sterling silver earrings, our Master Craftsmen take pride in every piece of Guy Harvey Signature Jewelry created.

*Jewelry That  
Makes A Difference™*

Each piece comes with a numbered Certificate of Authenticity, guaranteeing that it is from the Guy Harvey Signature Jewelry Collection.

A percentage of sales will be donated to the **Guy Harvey Ocean Foundation**, a non-profit organization that promotes conservation of our oceans and nurtures the next generation of marine scientists and guardians of our seas.
